A SEPARATE ENTRANCE, 9' ceilings on both the main floor & basement, a second furnace, and rough-ins for a future suite w/ its own laundry set the tone for a home built with flexibility and foresight. This Coventry Home blends thoughtful design with everyday comfort, offering an open-concept layout that feels bright, connected & easy to live in. The kitchen is the heart of the home, finished w/ quartz countertops, modern cabinetry, stainless steel appliances & a pantry -- a space where life naturally gathers. The living room flows into the dining area, creating a setting for both quiet evenings and meaningful moments together. A half bath completes the main level. Upstairs, the primary suite offers a calm retreat w/ a 4 pc ensuite & walk-in closet, while two additional bedrooms & a full bath provide room to grow. The basement is ready for a future legal suite, adding lasting value. Backed by the Alberta New Home Warranty Program. Some photos virtually staged. (id:6769)
