

Edmonton Alberta

\$1,225,000

Check out this exceptional residential home designed to provide supervised assisted living and medical support care for individuals with complex health needs. Located in West Edmonton, this large property spans over 2,900 sqft. Overall, this two-story home offers ample space with a fully finished basement. It includes multiple living areas to ensure a comfortable living environment for all. The upstairs floor features a private suite with 2 bedrooms, sitting area, large kitchen & separate entrance, ideal for a live-in caretaker or additional residents. There are 4 bedrooms on the main floor and 2 beds on the lower level. The home has a modern safety system, including fire suppression and alarms, ensuring the utmost safety. Tailored for those with complex health needs, the home is medically equipped & wheelchair accessible, making this property perfectly built for this use. The oversized garage and loading pad facilitate daily operations, providing practicality and efficiency. (id:6769)
