4 bedrooms UP in LaPerle! This West Edmonton Original Owner beauty boasts a traditional layout and shows pride of ownership with newer windows, shingles and furnace! The major systems are done, it's the fun stuff that's left. No rear neighbors in a massive east-facing lot offers added privacy and space to roam. Inside, the main floor flows seamlessly from living room to dining to kitchen--ideal for family living, with a secondary living main floor living room. Upstairs, four generous bedrooms, including a massive master with walk in closet and full ensuite, plus a 4 pc ensuite await; the lower level is a blank canvas ready for development to suit your needs. Main floor 2 power room and laundry, plus Double Attached Garage are welcomed extras.
