SO MANY OPTIONS with this property: Live in it as is (although it does need some cosmetics), flip it, legally suite it, or tear it down to infill as it is on a 56 x 123 foot lot. This 1038 sq.ft. 3 bedroom, 2 full bathroom house is definitely livable, but could use some updates if desired. The main floor has a large living room and kitchen, dining area, and 3 bedrooms and a full bathroom down the hall. The basement is fully finished with a rec room, den space with window that could easily be a bedroom, full bathroom, laundry, and storage room. The huge south-backing yard does have a gate that can fit a car through, so it is possible to build a garage back there. Located close to schools, amenities like Costco, and transit, this is a great first home or investment opportunity. (id:6769)
