Being built in the prestigious community of Jagare Ridge and backing the 17th hole on the golf course is the VOGUE built by Kanvi Homes. The open main floor den looks out to the verandah and features a stub wall with a glass panel above. The mudroom corridor is separated by a solid-core barn door and flows into the kitchen through the walkthrough pantry. The kitchen is fully equipped with BOSCH appliances, a 9'6" kitchen island and plenty of storage and prep space. The great room and staircase are open to above, expanding the eye's view and features an 100" Napoleon fireplace and pendant lighting. Upstairs, the secondary bedrooms and the bonus room are found at the front of the home where they can soak in the morning sun. The master bedroom is at the rear with a spa-like ensuite with a free standing tub and custom tiled walk-in shower. The upper floor is completed with a walk-in laundry room with built-in linen storage shelves and walkthrough access to the master wardrobe.
