

## 5733 KEEPING Crescent Edmonton AB

\$825,000

Welcome to this one of a kind Haven. A custom build property that has tons of upgrades on it. Main floor has an open to below concept with an electric fireplace and a den that could be turned into an office or extra room depending on your needs. Custom build spice kitchen room for all chef's and aspiring chef's in the family and has stainless steel appliances on it. Full sized deck with railings all around. Upgraded railings going to the second floor. 3 bedrooms complete the second floor which two of this has its own ensuite washroom. This property has walk-out basement and is a legal basement suite. This home is partly backing into pond which adds up to its tranquility. The property is professionally landscaped and is just few minutes' drive to different amenities.
