Executive townhome with two primary suites! Whether you are a first-time buyer, a professional couple, have a teenager who wants their own space, or just want a non-generic townhome, this property is for you! Your 1,683 sq.ft. CORNER unit has you entering through the double attached garage. The partial basement is fully finished and can be a third bedroom, office, or second living room. The main floor is very spacious with a great layout that showcases a large living room, dining area, and kitchen with tons of counter and cabinet space. The upper level has the huge primary bedroom with walk-in closet and full bathroom. The second suite is also well adorned with the same features. Outside you have a good-sized deck that faces a green space so that your view is more appealing than just looking at a parking lot or other units.
