

## St Albert Alberta

\$949,900

Amazing Value! Over 3,900 Sq Ft of Finished Space. One of the garage stalls has been thoughtfully converted into a flexible living area—perfect as a bedroom, home office, gym, or business space. If needed, it can easily be reverted back to a garage stall. Step into the striking open-to-above entryway and discover a home filled with premium finishes. The main floor features soaring 10-foot ceilings, wide vinyl plank flooring, quartz countertops, a dramatic 100-inch electric fireplace, custom cabinetry, a walk-through pantry, and a sleek wall-mounted faucet in the powder room. Upstairs, 9-foot ceilings enhance the open feel, while built-in shelving, custom closets, a spacious walk-in, freestanding tub, and stylish feature walls offer both functionality and flair. The fully finished basement adds even more living potential, complete with a kitchenette and a second laundry area tucked into the mechanical room. With the front and back yards fully landscaped, this home is truly turnkey. (id:6769)
