

1251 CALAHOO Road Spruce Grove AB

\$659,900

When you wake up in the morning do you want it to be in a home that is flooded with natural sunlight, looking out over a pond across the road? You lay in bed in your and can already hear the kids in the bonus room, hard at play. You wander down the stairs to the kitchen to get your coffee and your day started, and as you sit at your eating bar in your bright kitchen and look out on the green space in front and behind your home you feel great about the chef's kitchen, upstairs laundry room, modern lighting and glass railing. You can't believe you found a house with a full bath on the main floor! Your family joins you and the busyness of the day starts. Your kids can walk to school and play in the nearby playgrounds later. It's a quick jump to work (unless you decide the main floor office is your new style)? You take your coffee to the yard to enjoy the deck and bask in the southern exposure sun. Maybe you should go for a bike ride to the park or golf up the road instead of work today?
