

13529 69 Street Edmonton AB

\$320,000

Looking for a bungalow with a separate entrance? This Delwood home close to shopping, public transportation and schools would be perfect for you and your family. 3 bedrooms and 1 bathroom occupy the main level with large windows throughout, allowing natural light to flow through the home. Your partially finished basement with a wood burning fireplace is ready to be converted into a potential secondary suite or complete as extra space for your growing family. Sitting on a treed corner lot, you can enjoy a morning coffee on your custom deck facing Josef Chelen Park. On the other side of your home, is a large yard with a garden shed and a double detached garage with a built in heater. For the plant lovers, with this West facing home, you are guaranteed ample sunlight throughout the the entire day. Ready to make this house your home?
