Welcome to Country living! This home is perfect for a growing family. The large foyer has lots of closet space and a half bath for that extra convenience when outside. This raised bungalow has 3 bedrooms on the main; including the master, & 1 converted to a laundry room with shelves, another an office with a built-in desk. The kitchen eating area has plenty of space and the large kitchen has lots of cupboard space with a walk-in pantry. The living room has lots of natural light and a large deck off the main living area, great for the summer family gatherings. The basement has 2 more bedrooms, full bath, large rec room with access to the back yard (walkout). A huge sunroom connects the garage to the home, so no need to walk outside on those cold winter days. The yard is an oasis with a water fountain, pergola, lower deck with fenced-in yard. There is more than one shed, shop area, and another storage building. The property has 2 wells, one for the house and another for the garden or potential animals. AC as well! (id:6769)
