If you're drawn to vaulted ceilings and bright, open living spaces, this stunning two-story home is sure to impress! Step into a spacious front entry that flows seamlessly into the open-concept main floor, where a soaring vaulted ceiling enhances the living room's sense of space and light. The modern kitchen features ample counter space, stylish cabinetry, a walk through pantry, and a large island. A beautiful stone gas fireplace creates a cozy divide between the living and dining areas. Off the dining room, a garden door opens to a private, landscaped backyard with a large deck and storage shed. A convenient 2-piece bathroom completes the main floor. Upstairs, you'll find a generous bonus room, a dedicated laundry area, a 4-piece main bathroom, and three bedrooms—including a spacious primary suite with a walk-in closet and a luxurious 5-piece ensuite. AC is another feature. The long driveway provides plenty of space for extra parking or even a camper trailer. The basement is undeveloped. (id:6769)
