THIS EXTENSIVELY RENOVATED 2 STOREY HOME IN THE QUIET COMMUNITY OF YORK SITS ON A HUGE YARD AND HAS A 2.5 CAR HEATED GARAGE WITH RV PARKING! Over the past few years this home has had almost everything done to it... Furnace, flooring, paint, bathrooms, kitchen, windows and even refreshing the landscaping. The main floor features a large living room on one end and on the other there is a bright white kitchen with quartz counters and plenty of cupboard space. Just off the kitchen is a lovely dining area with room for the entire family. UPSTAIRS IS HOME TO 4 BEDS AND ONE 4PCE BATHROOM, a truly rare find that is a perfect fit for the growing family. The basement is super comfy with its rec area, 3pce bathroom and plenty of storage/laundry area. Maybe the best part is the massive yard that is situated in such a way that sun floods in the majority of the day. There is lots of space for the kids to play, a deck for entertaining and RV parking if one desired. There is even central AC for those hot summer days!
