Crafted over 16 meticulous months by Hillview Custom Design/Build for a construction industry professional who spared no detail, this 3,456 sq ft above-grade home in Summerside offers 5,750 sq ft of total living space. Soaring vaulted ceilings, a chef's kitchen with Miele appliances, in-wall cappuccino and coffee machine, and a full-width deck with BBQ and gas firepit rough-ins set the tone on the main floor. Upstairs, the primary suite features a private balcony, walk-in closet with island, and a spa-inspired 5-piece ensuite. The basement is an entertainer's dream ... a hot tub room with two ceiling-retractable doors opening to stunning lake views year-round, tiered theatre, climate-controlled wine room, wet bar, and two bedrooms with walk-in closets. The 3.5-car garage and in-slab heat. In-floor tile heating, distressed hardwood, 9' solid-core doors, and seamless glass showers complete a home built to a standard rarely seen. (id:6769)
