Welcome to Glenwood! This luxury infill will not disappoint. Loaded with upgrades you typically only find in a much more expensive home, this modern two-storey stands apart from the rest. 5 ft wider than most skinnies, 9 ft ceilings on all three floors, 8 ft interior doors, triple pane windows, engineered hardwood, glass staircase, this home is one of a kind! From the front entry you will be impressed with the open-concept floor plan and the abundance of natural light throughout the main floor. A stunning chef's kitchen with custom cabinetry, huge island, granite counter tops, and upgraded stainless steel appliances (including gas stove) is the star of the show. Upstairs you'll find the primary bedroom with walk-in closet and spa-like ensuite bathroom. 2 additional bdrms as well as a full bath and bonus room complete the 2nd floor. A separate entrance to the basement allows for future legal suite potential. Plus, this home is just down the street from future west-side LRT line (id:6769)
