~!WELCOME HOME!~ SMALL BUT MIGHTY -- DESIGNER LIVING WITH WEST COAST SOUL! This is not your typical renovation -- a fully re-imagined home where every detail has been thoughtfully designed and custom built by a true woodworking expert. West Coast modern influence is unmistakable -- rich tones, clean lines, and exterior landscaping you'd expect in multi-million dollar estates. Inside, the main floor is a showpiece -- custom walnut & maple kitchen, quartz countertops, white oak hardwood and bespoke finishes throughout. Every line, every material has purpose. Upstairs offers refined, fully renovated spaces -- curated, not cookie-cutter. The basement adds function -- additional living space, updated bath/laundry and newer mechanicals. The garage -- rebuilt, heated and dialed in, with gas hookups and a finished outdoor setup designed to actually be used. This home punches way above its weight -- the design, feel and lifestyle of a high-end property, without the price tag. (id:6769)
