SNEAK PEEK! Meet the Rosewood by Excel Homes - it isn't quite finished but it's almost ready, and there are a few extra things they did that are just really smart, starting with a proper main-floor flex room WITH A DOOR plus a full bathroom, giving you options for an office or guest space. The kitchen has personality too, with a beautiful mix of light and Pewter Green cabinetry to the ceiling (no all-white kitchen here!), quartz countertops, a huge extended island and walk-in pantry, all opening to the bright great room and dining area. Upstairs might be the best part: FOUR actual bedrooms AND you still get a bonus room, plus a separate laundry room. The primary suite has a large walk-in closet and upgraded ensuite with dual sinks, soaker tub and separate tiled shower. They were smart with the basement too: separate side entrance, 9' foundation, 2 windows and a bathroom rough-in, giving you a great starting point for whatever you want to do later. Full landscaping and all appliances are included! (id:6769)
