OH YA !! What a great home located in the outstanding area of Creeks Crossing just steps away from Millcreek ravine and its outstanding trail system. This unique Bilevel/Split floorplan is very popular with Island kitchen area and dining room adjacent to the comfortable fireplace living room. The Master bedroom with spacious ensuite and walk in closet is on its own sitting over the garage and two other bedrooms and 4 piece bath on the main floor. The basement has the extra large windows because there is only a 4 foot foundation making sure there are never water problems. Additionally downstairs there is also another finished bedroom, 3 piece bath and laundry room plus another bedroom not finished. Another great feature of this home is the half covered deck, perfect for BBQing rain or shine plus a big private yard for your convenience. Great buy all around (id:6769)
