Built by Sterling Homes, the Artemis is a masterwork of scale and functionality, featuring a double attached garage, 9' ceilings on both levels, and a separate side entrance. The main floor is designed for modern life, offering a versatile front flex room, a massive mudroom with an open closet, and a clever walk-through pantry. The heart of the home is the open-concept gourmet kitchen and a dramatic 17-foot great room with an electric fireplace, all bathed in light from expansive rear windows. The upper level is exceptionally spacious, hosting four bedrooms, each with its own walk-in closet. The primary suite serves as a luxury retreat with a 5-piece ensuite and a dedicated soaker tub. A central bonus room, laundry area, and a main bath with double sinks complete this floor. Finished with brushed nickel fixtures and a basement rough-in, this 4-bedroom upper-floor layout provides unmatched space for a growing family. (id:6769)
