Too good to be true! This downtown stunner is updated from top to bottom and has a long list of desirable features that are hard to find at this price! Sitting on an 8300 sq ft corner lot in the upper part of downtown, this 1174 sq ft bi-level is a hidden gem that is full of surprises! The curb appeal will catch your attention right away - a well-manicured lawn with privacy shrubs and fruit trees are a gardener's dream. The property has tons of parking with an oversized double driveway and double attached, heated garage out front, and a second parking pad at the side of the house for an RV and or toys! Just off the kitchen is the massive 3 season sunroom surrounded by floor to ceiling windows. Below this sunroom is a fully enclosed workshop area (used to be a car port), accessible from the back yard. Inside the home you will find 5 comfortably sized bedrooms and 3.5 bathrooms - the upstairs primary has a 3-piece, plus there is an additional full 4-piece bath upstairs. But downstairs is where true primary suite is! This generous room with large windows has a gorgeous antique vanity with a copper sink, soaker tub, a walk in shower in the en-suite, and a tucked away walk-in closet to make it a true retreat.
