

299 WOODWARD Lane Fort McMurray

\$940,000

What the sellers love about their home: "It's a quiet oasis in town. We have loved this location being able to see wild life on a regular basis and enjoy the green space. We built this home with family living in mind, 4 bedrooms upstairs, formal dining and a theatre room our children have enjoyed. It's a bonus being so close to the golf course." This 6 bedroom plus den executive home is on one of the premier streets in Wood Buffalo and Fort McMurray! The grand entrance welcomes you to luxury and style. The chef will appreciate the double-oven gas stove, quartz counters, ample cupboard space and reverse osmosis water filtration system in the kitchen. The master has a two way fireplace in the 5-piece ensuite with jetted tub. AND! There is in-floor heat on every floor and in the garage. This no carpet home has something for everyone, including 3-season gazebo, green space lot, over-sized double driveway and garage. Be sure to watch the video tour!
