

2199 NICOLA AVE South West BC

\$370,000

Two bedrooms plus a den that would make a third on the main floor. This heritage home has a large living room with an attached dining area. Vintage-look windows are double-glazed. The cellar has a good amount of storage and contains a new hot water tank in 2017, a boiler that has been upgraded in the past. Antique-style radiators on the main floor provide nice aesthetics and steady heat. The property is fully fenced and features a 27 x 13 garage with power as well as attached storage of approximately 22 x 9. A fair bit of charm for your touches with easy access to downtown shopping.
