

C/O 2700 Richter Street Kelowna British Columbia

\$495,000

Established multi-location e-bike sales and service business offering an exceptional opportunity to acquire an established regional operation in British Columbia's growing electric mobility sector. The business operates from 4 locations in Kelowna, West Kelowna, Vernon and Kamloops, providing an immediate footprint across the Okanagan and Thompson regions. Built organically since 2013, the business has developed an established brand, customer base, supplier and dealer relationships, experienced team, e-commerce presence and operational infrastructure. The business offers electric bikes, electric scooters, accessories, parts and service, with opportunities for continued growth in a rapidly evolving industry. This is an excellent opportunity for an owner-operator, strategic industry purchaser or expanding retailer seeking an established platform rather than building a multi-location operation from the ground up. **The asking price excludes inventory. Inventory is available in addition to the purchase price and will be valued separately at cost. Confidential business information and financial documentation are available to qualified prospective purchasers upon execution of a confidentiality agreement. Do not approach staff or attend business locations to discuss the sale without prior authorization. (id:6769)
