There is a generous-sized dining with garden doors to step outside. The living room has a custom stacked-stone feature wall with built-in shelves and a gas fireplace. This home welcomes tons of natural light, thanks to all the windows. Completing this floor is a two-piece powder room and a mud room with lockers. The primary suite features a walk-in closet and a gorgeous 4pc bath with a separate tub, oversized shower and dual sinks. This level offers two additional bedrooms, as well as a 4pc bath. This level also houses the utility area, with a tankless water heater & air exchanger. The triple garage also has a tandem door in the back. The yard has been carefully landscaped with artificial turf and rock in the front for low maintenance, as well as grass and rock in the back.
