Welcome to 9000 Tavistock Road! This stunning 3,200 square foot Adventure Bay home was built in 2017 and boasts incredible views and impeccable finishing. The main floor of this rancher-style home consists of an open-concept living area with floor-to-ceiling windows, a tile fireplace and access to a large covered deck. The kitchen is a chef's dream with quartz countertops, built-in Bosch appliances and a butlers pantry with a view of the lake from its own window. The primary bedroom also takes in the incredible view and has an ensuite with dual sinks, a large tile shower and a water closet. The main floor also has an office/den off the foyer, a half bath, main floor laundry and a double garage with epoxy flooring. The walkout basement consists of a large rec room with sliding glass doors to the covered patio and back yard, a huge bonus room under the garage (which would be great for a theatre room or gym), 2 additional bedrooms and a full bathroom. What really sets this home apart from others in the area, is the manicured backyard. There are multiple seating areas in the tiered yard culminating in a wonderful seating area with natural rock pavers and a built-in, natural gas firepit. The home has a built-in vacuum system and is roughed in for a TV above the fireplace, gas hook-up for the BBQ, pre-wire in place for a hot tub and security system. (id:6769)
