Check out this affordable three bedroom townhouse. This home is located within walking distance to Nechako Elementary School and Mount Elizabeth Secondary. This one is ready for someone to put their own touches on. All three bedrooms are on the top floor along with the main washroom. The living room is a good size and has a man door out to a small patio and very private backyard. Great for the first time home owner to get into the Kitimat market. Updated vinyl windows and siding.
