© Greater Moncton REALTORS® du Grand Moncton

If you are seeking to build your home on a country lot, yet still be close to everything Riverview and Greater Moncton has to offer, this is it. This lot is in a fairly newly established subdivision, barely just outside of Riverview town limits. It is over 1 acre, treed, and is ready for your new construction. We have a saying in Riverview: you are about 10 minutes to anywhere in the GMA. You will love this location. (id:6769)
