\$1,799,900

Every now and then, a truly unique property comes along in an ultra desirable location...and this is it! This architecturally designed Craftsman-style gem was rebuilt from the ground up in 2007, and is just steps from several beaches on Okanagan Lake and the Mission Creek Greenway. With 6 bedrooms and 3.5 bathrooms, including a versatile in-law suite, it's perfect for both family living and guests. The spacious upper level features four bedrooms, highlighted by a massive primary suite with a one of a kind spa-like ensuite. Inside, you'll find a mix of polished concrete floors with hot water radiant heat and wood flooring, beautiful exposed wood beams, and solid wood doors and windows. The high-end appliances and massive island make cooking a joy, and the adjacent dining room can easily accommodate a large dinner party or family gathering. You also have a main floor bedroom with exterior or interior access, perfect for use as an office or studio for a work-from-home professional. There is a single garage (currently used as a gym), with space to add another garage on the left side of home. The back yard offers some incredible Okanagan living as well, with a recently added in-ground salt water pool, plus two hot tubs - one for the main home and one for the suite in a private fenced yard. This home combines modern luxury with classic charm in a quiet cul-de-sac setting, close to all of the Lower Mission amenities. (id:6769)
