LEGAL SUITE and massive park like lot with shop and 2 driveways. Try finding this anywhere on the market? Unbelievable 4000 square-foot, 5 bedroom 4.5 bathroom home nestled up in the whispering pines of South East Kelowna in one of its best and quietest locations. Tons of important and expensive upgrades include near new roof, two new furnaces, new AC, detached 8x12 shop, 12 zone wifi controlled irrigation, 200 amp service and more. The massive upstairs main living space features 4 bedrooms and 3.5 bathrooms. There are tons of huge rooms that can give the large family space to roam, kids could be set up in the large living room at the front of the house, mom and dad in the lower family room with wet bar walking out to a yard space that could only be described as a fenced park. The recently completed is a huge, legal 1 bedroom suite that has its own driveway and private access through motion sensing lit concrete stairs. Once inside everything is top-of-the-line,
