Half Duplex | 3-Level Home With Suite Potential Welcome to Unit A at 930 Pinewood Place, a brand new half duplex offering incredible value, flexibility, and expansive lake views. This thoughtfully designed three-level home features approximately 2,408 sq.ft. of finished living space plus a 748 sq.ft. suite-ready basement, intentionally left unfinished to allow buyers to enter at a lower price point. Enjoy panoramic lake views and downtown Kelowna skyline, including views of the Bennett Bridge, with south, east, and west exposure providing exceptional natural light throughout the day. Builder-spec finishes include quartz countertops, high-quality laminate flooring, and carpeted bedrooms, with the opportunity to select your own colors or upgrade finishes to suit your style and budget. The main level offers open-concept living with a spacious kitchen, dining, and living area with big windows designed to maximize views. Upstairs includes a generous primary suite with ensuite and walk-in closet, additional bedrooms, and convenient upper-level laundry. Customization options include the ability to finish the suite, convert the den to a double garage, or add an underslab theatre or games room if purchased prior to construction start. Built by Millennial Homes, a trusted local builder with multiple homes in the immediate area. An excellent opportunity for homeowners or investors seek...
