There's something special about a home that takes you back to simpler times, when families gathered around the kitchen table, meals were shared & memories were made. This 2+1 bedroom raised bungalow captures that nostalgic charm while bringing everything into today. Original hardwood floors have been beautifully restored, while the kitchen pairs black appliances with timeless ceiling-height mission-style cabinetry, complete with glass display cabinets. The main floor has been opened up, yet the original plaster coved & textured 9' ceilings & walls have been preserved. Behind the character, everything is new: shingles, windows, doors, lighting, flooring, kitchen, appliances, plumbing, electrical & 2 beautifully updated full baths. The bright, finished basement, with its huge windows, offers a rec room, office/hobby area, 3rd bedroom, full bath & storage. Thoughtfully placed steps from schools, parks, trails & shopping, this home combines all of the nostalia of yesteryear with all of the comforts of today. (id:6769)
