\$3,525,000

Wedgewood is a luxury Federal Era designed home, where both its quality and design endeavour to exceed the expectations of industry standards. A few items remain in progress, but it is close to being completed. The kitchen, along with a few other rooms, are being finished with custom in-house built cabinets, and appliances soon to be added. It has 6 bedrooms and 5 bathrooms throughout. The primary bedroom suite features a fireplace, soaker tub, and a large walk-in closet. There is a secondary bedroom suite with a 3-piece bathroom, a large 3-bay attached garage, a 4-bay detached shop, and the home has been built to accommodate an elevator. Other features include a butler's pantry, in-floor heat, alder hardwood flooring, a double sided fireplace, infinity showers, custom in-house millwork... (id:6769)
