This is a very rare find in Valemount - a new build! This beautiful, energy efficient home will be maintenance free for many years to come. Being a brand new home on 2.5 acres and only a 2 minute drive from town means a higher price point for this property. But, you're in luck as the 1 bedroom has its own entrance and can be rented out as a mortgage helper if you so wish. The beautiful local mountain views are enjoyed not only outside on the property but within the home as well. A brand new removable screened attachment has been added to the sundeck. A single garage gives you covered parking for your vehicle or room for your toys. Call today to arrange a showing as the market is picking up and there are no other properties in Valemount like this one!
