

10252 Long Road Lake Country British Columbia

Lake Country South West

\$1,395,000

Experience elevated Okanagan living in this stunning custom two-storey home, thoughtfully designed for seamless indoor-outdoor living. Situated on a flat, southwest-facing lot, this home offers over 1,200 sq. ft. of patio space, a 14' x 28' saltwater pool with automatic cover, the main floor features a spacious, step-free entry, leading into an open-concept layout. Ceiling-mounted heaters, built-in speakers, automated sun screens, and premium Basalite pavers-- perfect for entertaining. Lounge poolside, gather around the natural gas fire table. Equipped with electric automated blinds throughout, offering effortless light control and privacy. The main-floor primary suite is a private retreat, featuring a 10' x 9' walk-in closet, dual vanities, heated tile floors, a soaker tub, floor-to-ceiling tiled shower with rain head, and a private water closet. The kitchen includes a 36" six-burner gas range, counter-depth fridge, ample cabinetry, and direct flow into the main living space anchored by a 48" linear Napoleon fireplace. A whole-home water filtration system, plus an additional drinking water purification unit, ensures quality water throughout. Smart home features include Control4 automation, managing eight built-in speakers across the main floor and patio. Upstairs, discover three oversized bedrooms, each with custom built-in closets, plus a beautifully appointed 5-piece bathr...
