Looks are deceiving -- this 2-storey home offers over 2,250 sq. ft. of finished living space on a generous 0.274-acre lot, with ample parking for your RV, boat, and toys. The oversized garage is a standout feature, estimated at over 700 sq. ft., offering incredible space for vehicles, storage, hobbies, or the ultimate man cave. Inside, you'll find a spacious living room with beautiful mountain and lake views, along with 3 bedrooms and 3 bathrooms. The large flex room with a window offers excellent versatility and could be used as a fourth bedroom, family room, home office, or guest space -- it simply does not have a closet. Outside, enjoy a fenced yard, back shed, and room to spread out.
