

Whitehorse Yukon

\$745,000

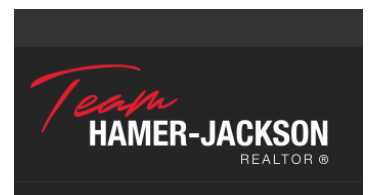

Timeless Yukon character. Fresh updates. Situated in desirable Crestview and backing onto a treed greenbelt, this beautifully maintained log home offers approximately 1,600 sqft of warm, inviting living space. Recent improvements include a new propane furnace, refinished hardwood flooring, roof shingles, re-stained rear deck, polished logs and more. Inside, vaulted ceilings, skylights, wraparound windows, and a propane fireplace create a bright yet cozy atmosphere. The granite island kitchen flows seamlessly into the dining and living areas, making the layout ideal for entertaining or everyday living. This 2-bedroom/den home offers flexibility for guests, hobbies, or a home office. The bathroom features granite countertops, a single vanity, and an enclosed soaker tub with tiled shower surround. Outside, enjoy a landscaped yard, multiple outdoor living spaces, storage areas, ample paved parking, and direct access to nearby trails, all while remaining just minutes from city amenities (id:6769)
