

10678 Cheryl Road Lake Country British Columbia

Lake Country East / Oyama

\$964,000

Stunning three bedroom and den or office, two bathroom home in the Copper Hill area of Lake Country! This spacious property offers 0.32 acres of land, creating a great landscape emphasizing outdoor living space. The backyard has been converted into a retreat, with a large in-ground pool (18 foot x 36 foot) facing west to enjoy the evening sun of the hot Okanagan summers. Beside the pool is a detached garage/workshop accessible by aside driveway, perfect for storing your extra car, boat, or to convert to a formal workshop. There is also an additional garage at the front, furthering the parking available in addition to the large driveway/street parking options. Pride of ownership is evident with a 2018 furnace and 2018 roof. Inside, the newer kitchen and living room open up to a large deck space, overlooking the pool and private backyard, also giving glimpses of Wood Lake. This is a spectacular area, with walking distance to Peter Greer Elementary, and a quick drive to the lake, Rail Trail, and all the amenities that Lake Country has to offer. (id:6769)
