Aberdeen

\$774,900

Some homes check boxes. This one feels like home the moment you walk in. Built just seven years ago and kept in immaculate condition, this rancher-style home in one of Aberdeen's most sought-after neighbourhoods is the kind of place families grow into. Bright, open, and thoughtfully laid out, the main floor flows from a welcoming living space out to an oversized deck with natural gas hookups, where summer evenings become a habit. The primary suite offers a walk-in closet and full ensuite, with a second bedroom on the main floor for flexibility. Downstairs, the fully finished basement gives your family room to breathe: a massive rec room, two additional bedrooms, and a full bathroom mean everyone has their space. Step outside to a fully fenced backyard, accessible right from the deck. Whether it's a dog, a toddler, or a game of catch, the yard delivers. Pacific Way Elementary is just down the road, Costco and major shopping are minutes away, and TRU is a short drive, or easy access to transit. Over 2,200 sq ft of newer construction in a genuine family neighbourhood, all under \$800k. Bonus feature of laundry hook ups both up and downstairs offers flexibility. That's not just good value, that's a rare find in today's market. DONT LET THE CAT OUT (id:6769)
