Your dream condo with a private entrance and a massive patio? Yes, it actually exists. Welcome to a bright and intelligently designed 1-bed, 1-bath home in the exclusive Copper Beech--a prestigious boutique steel-and-concrete building with just 26 residences. Soaring ceilings, east-facing windows, and high-end finishings create a polished, sun-drenched space that feels as luxurious as it is livable. Enjoy seamless indoor-outdoor living with a rare 340 sq ft patio and your own private entry--no lobby required. The gourmet kitchen impresses with quartz countertops and backsplash, premium stainless appliances, a wine fridge, and built-in microwave. Durable vinyl plank flooring, in-suite laundry, secure underground parking and access to a newly built workout facility round out the perks. All this in a location where everything's within reach: walk or bike downtown, to the beach, the shops, or even St. Joseph Elementary School--no car needed. Homes like this don't come up often. Book your showing today and see what upscale urban living really feels like. (id:6769)
