Middleton Mountain Vernon

$829,000

A standout kitchen renovation, a large fenced backyard with a great view, and a brand-new, never-rented suite make this Middleton Mountain home a must-see. The open-concept kitchen features quartz countertops, stainless steel appliances, a gas stove and a mini fridge. Copper-toned pendants hang above a generous wood-topped island, while a brick backsplash and farmhouse sink add character. Warm wood trim carries into the spacious living room, which opens onto a pergola-topped deck where you can dine outdoors and take in the view. The main floor features three bedrooms and three bathrooms, including a spacious primary bedroom with a newly updated three-piece ensuite. Downstairs, the one-bedroom suite has its own kitchen, living area and four-piece bathroom, with potential to add a second bedroom. The lower level also offers a rec room and additional storage. Enjoy easy access to Vernon Secondary School, Vernon Golf & Country Club, Hillview Golf Course, parks, walking trails, transit, shopping and dining. (id:6769)
