

## 5805 Tern Place 109 Vernon British Columbia

Okanagan Landing

# \$799,000

Quiet streets, friendly neighbours, and a setting that feels straight out of Pleasantville--this is the kind of home people wait for. Set in one of Okanagan Landing's most sought-after pockets, just a short walk to Ellison Elementary and Fulton Secondary, this home blends everyday function with thoughtful updates. Hardwood floors carry across the main level, leading into a beautifully updated kitchen with quartz countertops and a natural flow into the dining and living spaces--anchored by a cozy natural gas fireplace. Step out to the covered deck and you'll find a private, fully fenced backyard framed by mature cedar hedges, backing onto green space and a creek--quiet, peaceful, and hard to replicate. Upstairs, three well-sized bedrooms include a standout primary retreat with vaulted ceilings, a walk-in closet, private ensuite, and its own gas fireplace. Laundry is right where you want it--on the same level. The lower level adds flexibility with a fourth bedroom or guest space, a den, full bathroom, and plenty of storage. Double garage, great layout, and a neighbourhood that simply feels right. (id:6769)
