

## 10942 Russell Road Lake Country British Columbia

Lake Country East / Oyama

**\$947,000**

Completely renovated from the foundation up including a substantial addition, this home has been transformed into something that simply feels right the moment you walk in. Bright, open, and effortlessly connected, the main living space is designed for how you actually live--where mornings start slowly and evenings naturally gather around the fire. At the centre, the kitchen sets the tone. An oversized island, high-end appliance package, and custom cabinetry create a space that's as functional as it is beautiful, all flowing seamlessly into the dining and living areas. Expansive windows pull in natural light, while sliding doors open to a covered deck where soft lake glimpses and sweeping valley views become part of your everyday backdrop. Upstairs, the layout is both practical and comfortable, while the lower level offers a fully self-contained suite with its own entrance--ideal for extended family. This is a home where the work has been done properly. With all new siding, updated systems, and a complete renovation finished in 2025, there's a sense of confidence here--no corners cut, no unfinished details. Outside, the spacious yard features mature greenery and potential to explore a detached shop--buyer to verify. A home that balances simplicity, quality, and everyday living--designed to be lived in and enjoyed from day one. (id:6769)
