Accepted conditional offer. Backup offers are welcome. Set in a peaceful neighbourhood, this move-in-ready home offers a rare blend of charm and thoughtful design. Beautifully reimagined with sophisticated updates throughout, the interior feels fresh, inviting, and effortlessly put together. Located just steps from the creek, schools, and scenic walking paths, the setting is as special as the home itself, surrounded by mature trees, including a beautiful Japanese flowering tree with silky white blooms, and a strong sense of community, with the Regional Hospital nearby. Since 2019, upgrades include flooring, baseboards, interior doors, paint, plumbing, electrical, fixtures, and hot water tank (2024). Additional improvements include a new front door (2024), new front entrance closet (2024), gutters with leaf guards, fencing (2019), and garage roof (2019). The private backyard is a true oasis, featuring lush grass, a cozy fire pit, and convenient garden shed (2021). The powered garage is currently a stylish office/workshop with flexibility to revert. Zoned R4-S, offering multi-unit potential. (id:6769)
