SASK MLS®

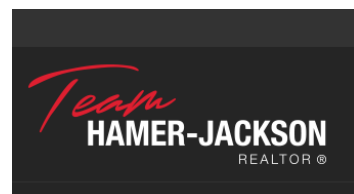

Welcome 1125 Camden Gardens! At just under 1500 sqft, this laned home features 3 bedrooms and 2.5 bathrooms that perfectly balance open, flexible living spaces with purposeful, practical areas. Enjoy all the benefits of a new Pacesetter Home, like standard quartz countertops, Moen plumbing fixtures, and waterproof laminate flooring. This open-concept main floor creates a seamless blend between the dining area and the great room offering flexibility in furniture placement, and opportunities to craft the area to your style. The L-shaped rear kitchen features a central island that adds functionality and interactive potential to the cooking area. The main floor also features a mudroom just inside the back entrance as well as a powder room. Additionally, the Taylor model offers a side entrance that can serve as direct, separate access to a potential secondary suite or easy access to the outdoors. Upstairs, you'll find three well-sized bedrooms and a generous bonus room. The bonus room is a versatile space that can be adapted to various needs—be it a home office, a hobby room, or a cozy family lounge. The primary suite includes a walk-in closet and an ensuite. The additional two bedrooms are both well-sized and share an additional full bath. The laundry is also conveniently located upstairs for practicality and convenience. (id:6769)
