Open House Sunday May 17 2pm-4pm. Rare mix of modern updates and downtown charm. Located directly across from Prince Charles Park and just minutes from restaurants, coffee shops, schools, and the downtown core, this home gives you walkability without sacrificing privacy or character. Vaulted ceilings upstairs create an open, airy feel, while the beautifully updated kitchen was designed for both function and entertaining with smart stainless appliances, wall oven, glass cooktop, wine fridge, pendant lighting, and pull-out storage throughout. The renovated main floor bathroom features a fully tiled wet-room design with an open walk-in shower. Mobility restrictions aren't a problem here including the ramp access from the back parking all the way inside. Outside, the property feels like its own hidden retreat. The established landscaping, water feature, pergola-covered deck, veranda, and private yard create a "secret garden" feel that is hard to find this close to downtown. Additional features include a workshop space with a mezzanine, thoughtful updates throughout, and flexible living spaces that suit a variety of lifestyles. New Furnace 2025, RV parking with sani dump at the back. A unique opportunity to own a beautifully cared for home in one of Kamloops' most walkable locations. (id:6769)
