

11409 103 Street Street Peace River Alberta

Riverview

\$238,000

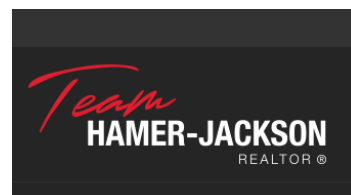

Nestled in the quiet neighbourhood right across from the Riverview playground this well cared for house in the south end of town is ready for a new family. A new deck on top of the carport is a great spot to look over the town and the river. With 4 levels throughout the house you will enter the living room following the dining and kitchen area with lots of cabinet and counter space. Upper level hosts 3 bedrooms, full bathroom and a half bath en-suite. The lower level was completely redone with new insulation, drywall, wiring, and lighting and hosts a family room and a 4th bedroom with lots of natural light. One level lower you will find lots of storage space, a small workshop and a utility room. The house received new siding, furnace and hot water tank within the last few years, while the roof was done 12 years ago. With all the expensive things being already taken care of and with some personal touch this will be a great home for a new lucky owner. (id:6769)
