Fabulous layout in this quality home in Big Horn Mountain Estates. This three level split provides plenty of open spaces with well thought out separation from the main floor to the bedrooms, plus a large rec room on the lower level. Quality finishing throughout with upgraded appliances, three large bedrooms combined with an amazing back yard and garden area. Plenty of natural light throughout the home, part of which enters from the patio doors that open to the covered rear deck leading to the backyard oasis where you can enjoy the summer sun or evening shade with all the privacy you can hope for. This property is a must see to appreciate all that this wonderful home has to offer. (id:6769)
