Let your new home also serve as your ultimate getaway, complete with in-ground saltwater pool. Located in the desirable Lakes community, this four-bedroom home boasts incredible custom finishes throughout and breathtaking attention to detail. Upon arrival, a natural stone front entrance with gorgeous tailor-made wood front door welcomes you. Inside, an open-concept living, dining, and kitchen area await with custom-fit Hunter Douglas top-down/bottom-up blinds throughout. The expansive kitchen is made for entertaining, with an oversized center island, copious neutral cabinetry with soft-close, stone countertops, and stainless steel-appliances. The adjacent living room boasts a handsome gas fireplace. From this area, glass sliding doorways lead out to the massive, covered patio with glass railing, allowing seamless indoor/outdoor living. The main floor master suite comes complete with a walk-in closet and large ensuite full bathroom with glass shower, soaker tub, and double vanity. A bonus den and laundry room with generous storage complete this level. Below the main floor, the walkout basement level with under-slab heating and multi-room system controls awaits. A large family room leads out to the lower-level patio and spacious, heated 12x20 saltwater pool with glass filter. One of three bedrooms on this level is currently being utilized as a home gym.
