

13815 Theed Crescent Summerland British Columbia

Main Town

\$650,000

Welcome to your new home in the heart of Summerland's Main Town-- perfectly nestled on a quiet, family-friendly cul-de-sac where kids still play outside and neighbours know each other by name. This 3-bedroom, 2-bathroom single-family home offers 1,555 square feet of space with a layout ideal for growing families or first-time buyers looking to build equity. Enjoy fresh fruit right from your yard with a cherry tree, peach tree, and Italian prune plum. The massive, fully fenced yard is ready for all your family fun--think summer BBQs, a trampoline, or even your dream garden. Need RV parking? You've got it. Plus, underground irrigation keeps your outdoor space green and low-maintenance. Inside, you'll find 2 bedrooms and a full bath upstairs, with 1 bedroom and a 2-piece bath down. Three closets have been cleverly converted into pantries for extra storage. The large bay window, front windows, and impressive 12-foot window have all been updated, bringing in tons of natural light. Cozy up to the electric fireplace or explore the easily suitable basement with a separate entrance. All of this, just minutes from everything Summerland has to offer--shops, cafes, restaurants, groceries, and more. Bring your Pinterest board and turn this into your dream home! (id:6769)
