

139 Forest Edge Place Kelowna British Columbia

Wilden

\$1,749,900

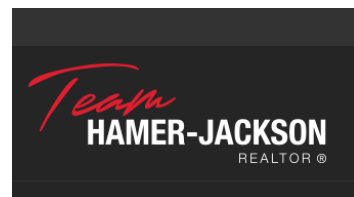

Like new family home with a legal 2 bedroom suite in the desirable community of Wilden. This Rykon built home features 6 bedrooms and 5 bathrooms over 3 levels plus a triple car garage. The open concept main living area has soaring 17ft vaulted ceiling and excellent flow to the dining room and chef's kitchen. The kitchen features a large island, stone counters, and lots of prep space including wine fridge and pantry. Upstairs features 2 oversized bedrooms plus the master retreat with a 5 piece ensuite and walk in closet. Downstairs has a large living room, gym, powder room and a self contained 2 bedroom suite. Interior and exterior access to the suite allow for flexible usage. The suite kitchen and bathroom feature many upgrades making this a one of a kind living space. 3 zone heating system allows for efficient control on each level and a suspended slab provides extensive storage under the garage. The exterior of the home has two covered patios, hot tub, natural gas fire pit and low maintenance landscaping on a pool sized lot. Situated in a cul de sac and on a no through road make this the ultimate family home package! (id:6769)
